Dear Valued Supplier/Vendor:

The Health and Hospital Corporation of Marion County (HHC) and the divisions of Eskenazi Health, Marion County Public Health Department, American Senior Communities (ASC) and IEMS are pleased to announce a new partnership with Supplier IO. HHC adopted the City of Indianapolis' resolution on Minority/Women/Veteran/Disadvantaged Business Enterprises in 2021. The resolution states in part, that Minority Business Enterprises (MBE), Women Business Enterprises (WBE), Veteran Business Enterprises (VBE), and Disability-Owned Business Enterprises (DOBE) shall have the maximum feasible opportunity to participate in the performance of contracts. The minimum participation goals are 15%, 8%, 3% and 1% respectively; of the annual amount spent by HHC on construction, goods and supplies, and services.

Services provided by Supplier IO to HHC include but are not limited to Supplier Diversity Data Enrichment; Unitier Tier 2 Reporting Platform including Program Management & Tier 1 Supplier Diversity Spend.

SUPPLIER.IO will process supplier records provided by HHC to identify diverse suppliers. Records will be matched against SUPPLIER.IO's database of diverse suppliers for diversity attributes such as certifications status and expiration dates. This ensures vendor compliance and eligibility for continued partnership with HHC. Supplier.IO will reach out to you regarding the go-live date, registration, system access credentials, and training. Please make note that the training dates are:

- *Thursday, July 27 at 2:00 PM EST (note: link will list 1:00 PM CST)*

If you are not the lead for purchasing, procurement, or supply chain, please forward it to your appropriate teammate. Also, if you require further clarification, please contact me at the email address below. Thank you again for your continued partnership with HHC.
