

Indianapolis, we see you.

As you awake each day
And then rise to this extraordinary challenge.

As chefs become line cooks
Trading dinner plates for tin foil
Making healthy meals for hungry kids.

As children become our champions
Their scrawled encouragements
Helping us all through another day.

As neighbors become tailors
Turning T-shirts and button-downs
Into handmade masks.

Indianapolis, we see you.
And stand in awe of your strength and charity.
Thank you for taking care of each other,
And allowing us to take care of you.
